PROFESSIONAL SUMMARY

Creative and organized professional with a strong passion for design, colors, and clear communication. Skilled in teamwork, problem-solving, and adapting quickly to new environments. Recently graduated with an Associate Degree in Software Development, with technical knowledge in Python, Java, JavaScript, React, HTML, CSS, and MySQL.

Proficient in tools such as Jira, Figma, Canva, and Office Suite, with basic knowledge in testing, cybersecurity, and Agile/Scrum methodologies. Fluent in English and Spanish.

Currently working in a call center in San Ramón, Costa Rica, gaining experience in customer support, communication, and problem resolution. Seeking my first professional opportunity in the IT industry to apply my technical skills, creativity, and organizational strengths while continuing to grow and contribute to dynamic projects.
